

Financial Edge NXT™ for Community Health Providers

Community health providers are facing greater internal and external pressures to demonstrate fiscal responsibility and expand their services. This need for increased transparency coupled with ever-evolving regulatory requirements means it's more important than ever for nonprofits to be equipped with comprehensive tools to record, analyze, and understand all of their financial data.

Financial Edge NXT is an intuitive, cloud-based fund accounting solution designed exclusively for nonprofit organizations, so your team can save time on data entry and reporting while demonstrating effective stewardship—all while making better strategic decisions with your data.

Features at a Glance

Financial Edge NXT comes with powerful fund accounting features, such as:

Customizable Dashboards

Each user can populate their dashboard with the tasks, records, and reports that they access most often. Action reminders for meetings, phone calls, and reports can be displayed on your homepage so you never miss another deadline.

Internal Control Settings

Keep your data secure with advanced user control settings, while allowing administrators to log in with view-only rights to retrieve pertinent information without making demands on the accounting staff.

Robust Reporting

Financial Edge NXT provides you with sophisticated reporting tools so you can prepare tailored reports for your key stakeholders and donors. Comply with nonprofit accounting standards and donor requirements with dozens of pre-built reports. Actionable reports allow you to identify patterns and trends so you can make better decisions for your programs and organization as a whole.

Solution At-A-Glance

Financial Edge NXT allows community health providers to:

- Improve reporting accuracy and efficiency by producing reports directly from the system, eliminating margin for error from exporting data to spreadsheets
- Demonstrate accountability to funders to increase donor retention and develop a reputation as a fiscally responsible organization
- Automate repetitive tasks and organize specific actions to effectively manage standardized processes and ensure timely follow-up
- Cultivate a deeper understanding of your organization with real-time financial analysis on any device
- Administer more grants with your existing staff by reducing the amount of time required to meet grant reporting requirements
- Save on the total cost of your software by letting experts manage your infrastructure needs in the cloud
- Forecast and budget with internal and external reporting support and strong internal controls
- Track the impact your mission has on the community and analyze your efficiency in delivering programs

Best-in-Class Budgeting

Powerful budgeting tools allow you to forecast as many years into the future as needed, create multiple “what-if” scenarios, and compare actuals vs. budget performance. Designate budget managers and set budget spending rules for more control over your budgets. Track budget adjustments for increased accountability.

Strong Partnership

When you choose Blackbaud, you are choosing to work with a world-class technology provider that has more than 30 years of experience in delivering superior nonprofit software and services. Our expert consultants and advisors are dedicated to providing you with exceptional customer service and training that include technical, best practice, and outcome-based courses. We want to help you make the most of your Blackbaud products and give you tools to help grow your mission in the process.

Financial Edge NXT
