Solution Workshops

Blackbaud University Solution Workshop courses are product specific and focus on where technology and process intersect. Optimize your organization’s use of Blackbaud technology through expert guidance and peer discussions. These interactive workshops do not log into the product. Instead, these workshops explore strategies, inspire conversation, and help you apply product-related best practices at your organization.

Role-Based Training Paths

Use the **Training Paths** table below to help you determine which courses to take. After *Core*, the order of courses will depend on the products you own; it is recommended to complete *onCampus* before *onRecord*. Each topic identifies one or more occupational roles for which training is recommended. To confirm which occupational roles match your job description, refer to the **Role Descriptions** information that appears below the **Training Paths** table.

To view the courses associated to a training path topic, [return to p. 1](#) and locate the corresponding topic in the course listings table, in the green header bars.
