NetClassroom 101

An Illustrated Cheat Sheet for Students and Parents

Welcome to the NetClassroom Cheat Sheet!

So what is this "NetClassroom" you speak of?

NetClassroom is an online portal for students and parents to access important school information such as assignments, grades, attendance, schedule, announcements, billing statements, transcripts, report cards, and much more. Don't worry; NetClassroom is secure, so you see only your own grades and information.

My school has that but calls it something else.

NetClassroom is a software program by Blackbaud, Inc., which provides technology solutions for nonprofits. Your school uses NetClassroom, but they can customize its name to fit their needs. When you log into the portal, the name that appears in the upper left corner is the name your school uses for NetClassroom.

Tips and Tricks

Contact the teacher.

To see a teacher's schedule and contact details, click his or her name. Depending on your school's settings, you may also send email to teachers from their contact pages.

No matter where you are in the portal, you can use some features to help find or navigate school information.

Show filters.

Many pages use filters so you can select the criteria of the information to view. You can use many different filters depending on the page.

Expand and collapse.

Click ⌄ to expand a row to view its detail information. Click ⌃ to collapse a row and hide its information.

Calendar.

Select to view details by day, 7 days (week), or 31 days (month), or for a specific date.

What Can I Do in NetClassroom?

Registration
View your current schedule and the course catalog. Enroll in or request classes.

On the Home page, you can view your latest averages, class announcements, upcoming assignments, grades, class schedule, and important school links. Some features depend on your school's settings.

Grades
Review your report card, transcript, and progress toward graduation. To see how you did on assignments, click **Graded school work**. For your overall grades, click **Averages**.

Billing
View your latest student billing statement.

School calendar
Review important school events and, if you want, your class and assignment information.

Conduct
See whether you have any conduct infractions.

My settings
Edit your mailing address, set up your Home page, review Frequently Asked Questions (FAQs), and change your password and security questions.

Classes
Check your class details, assignments as a list or calendar, and attendance.

Frequently Asked Questions

- Where can I see assignment grades?
- On the Assignments page, I cannot view all of the assignment details. How can I view all of the details?
- How do I contact a teacher from Pepperworth School?
- How do I change my Pepperworth School password?
- How do I view report cards, transcripts, and statements?
- How do I install the check mark font used to display assignment grades, report cards and transcripts?

Where can I see assignment grades?

You can view assignment grades on the Daily Grades page. You can open the Daily Grades page two ways.

1. On the Grades page, click the check mark picture link in the cell for the marking column and class.
2. On the Assignments page, click the check mark picture link to the left of a class name.

On the Assignments page, I cannot view all of the assignment details. How can I view all of the details?

If you cannot see all of the details for an assignment (including class ID, course name, category, assignment name, and description) when viewing assignments by week or month, select to view assignments by day instead.
